KELIAI
 Taip norėjo pažvelgti į saulę
 akys užverstos į dangų
 paskutini kartą pažvelgt į saulę,
 bet ji pasislėpė už debesų. Pasislėpė
 už debesų.

O mano vidus iš karščio degė
 aš taip norėjau jį užgesint
 aš mirdamas prašiau vandens,
 bet nenorėjot manęs atgaivint.

O kur dabar mano draugai
 nežinau, nors kartu valgėm ir gerėm,
 jie nuėjo kitais keliais
 ir dabar einu aš vienas. Einu aš
 vienas.

Bet šitas kelias mano,
 aš per daug toli juo nuėjau.

Juk nieko amžino nėra pasauly,
 amžini dangus tik ir kalnai
 viskam yra juk savas metas
 ir viskas praėina savais keliais.
 Bet šitas kelias mano,
 aš per daug toli juo nuėjau,
 kad galėčiau pasukt į šali
 arba visai grįžti atgal.

Aš negaliu pasukt į šali
 arba visai grįžti atgal.

O mano vidus iš karščio degė
 aš taip norėjau jį užgesint
 aš mirdamas prašiau vandens,
 bet nenorėjot manęs atgaivint.
 Nenorėjot atgaivint.

INCANDESCENT HATE
 I've lived twice
 At first when I was born
 And now, when I gaze into death's face
 To bring to grief
 Refuse to love all world
 I hate to breathe
 And I drink blood from christians
 Incandescent hate
 Is noble in conquest
 Endure my hell
 Admire, appreciate
 I prove my harm
 It grieves to see
 This christian crap
 But inner temple shows
 That fucking christians're dead.
 Soulless, lifeless
 Dracula-vampire never drinks wine
 He promised us
 Eternal life and need in blood
 Adopt this law
 Incandescent hate fills the mind
 My patience lives a hundred centuries
 Two thousand years ago
 I saw the death of Jesus Christ
 So did the christians kill their God
 Additional payment for Satan's Work.
 Reliable fact of lie
 Lost dignity a self-respect
 I hate christian lies
 Bloody sun is condemned to cry.
 Unfortunately it's a gate
 To suffering and death
 Incandescent Hate My Lot
 My destiny to be alone
 I'm a murderer of the christian
 ulcer world
 My shield and sword
 Were created of me
 And ancient glance
 As wolf's animosity
 Embitterment casts a gloom over my
 speech.
 My enormous candle-life shines in
 coffin's black.
 My destiny to be alone
 I'm a murderer of the christian
 ulcer world
 My shield and sword
 Were created of me
 And ancient glance
 As wolf's animosity
 Resist!!!
 Throw away the cross
 It doesn't help you
 And don't pray
 God lies
 Blood curdling hate
 Incandescent!
 Last days
 Satan, take me!
 Hate!
 Fucking christians're dead

Incandescent Hate.
 To make a dash
 Make a dash against the lie
 My knighthood
 Knighthood and hate revive!
 Fucking christians're dead
 Incandescent Hate
 Sweetheart
 Sweetheart is vengeance
 Vengeance
 Vengeance is Satan! Dead!
 Vengeance is Satan! Hate!
 Respect
 Respect my black horn
 It's a key
 It's a key to the ancient world!
 Satan keeps hate.
 Throw away the cross
 It doesn't help you
 And don't pray
 God lies
 Bloodcurdling hate
 Incandescent!
 Last days
 Satan, take me!

INTRO/PRAYER TO FIRE
 Fire, go with Me
 Assail Them with unbearable pains
 Thaw the ice that hath locked up our souls
 For created by the insane God
 Signed with a dangerous mark
 We writhe in madness
 For we have penetrated into the Earth
 Impaled Her with a Thousand Knives

Fire, thy tongues have enthralled my stare
 There is Everlasting Power in their Dance
 They speak to me in some unknown language
 Saying: "Together we can reach the skies"

I am leaving for the darkness land
 The Dying Sun injureth my weary eyes
 Viewless I devour the poisoned ground
 With madness that hath sealed my brow
 Underneath this mild mould
 There lie memories and sins of our past
 We have seen the collapse of empires
 It's madness that hath sealed our brows

Man of Rumours, Maker of Lies
 For too long submission was lulled into us

Leads: Ra

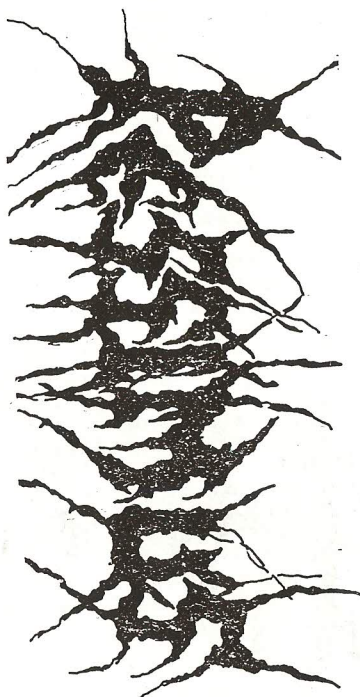

Fire, go with Me
 Assail Them with unbearable pains
 Pursue to the border of the world
 Lay waste the cities they dwell in
 Death did forget them
 Bring my revenge
 To ones who did betray
 The Earth I'll embrace in my defeat

Fire thy tongues have enthralled my stare
 There is Everlasting Power in their Dance
 Thou shalt endow me with thy divine energy
 I'll name my first born son after thee
 Give him half a kingdom and a crown

Symphony of ruin

Suffering
 Father, they scorn me
 Upon Burning ground
 Callous feet are to tread

Bring to me
 Bread and wine
 For you've seen the wounder

 Flesh pierced with nails
 The jaded flesh of manson

 Will darkness fall upon this land

BLACK (3 STEPS IN A DISORDERLY ROW)
 Life is so easy, a new day-new luck
 A new surprise. Life is a story, un-
 told, but shining bright. I don't
 have an idear, what's messing round
 with my mind.
 How could I loose you, sweet ten-
 derness of mine.
 Life changes, time marches fast, li-
 fe changes white into black. Kick
 it further? Oh no you push me too
 far. Kick it further? Get your damn
 hands of my gorge!
 I dance jauntly on the clouds in
 the sky, a softly wind has lift me

up high.
 The color changes, all the colours
 of my dreams, I realize, life ain't
 the way it seems. Shelter me for I
 have lost the strenght to live in
 happyness, punish me with your ple-
 asures at all, show me paradies and
 let me fall from your grace. Suffer-
 ring, the veil's torn apart, give it
 all back to you, time to crush the
 mirror. I'm nothing without your
 care, I'm nothing without you...
 Still nothing at all. Little "mister
 scared ones", eat or be eaten, lit-
 tle drivellap-dog, bite or be bea-
 ten-dog! So careless, our of sorrow,

So innocent and full of hope. Learn
to love me like a doe his hunter,
like a lamb his slaughter.
I'm the burning idol, I'm the suf-
ferscorn, but in the eyes of eter-
nity, I'm just a little worm. Some-
times I'm dreaming of times far
away, everything shines bright on
me like a sunny day. On a bright, su-
nny day, I'll change your flesh in-
to aternity. Oh, just say thanx. One

day follows another, trouble seems
so far away. Happy little childhood
no need to pray. The future's a ro-
ad, spread wide and clear to see.
How could I be blind to the traps
set for me? The sky shines bright, a
sunny day on my mind. Wake up suck-
er, see the black clouds; Wake up!

HALLOWEEN

Demon's wind drives souls down with vortices
In the night of Halloween devils rule has no boundaries
Waters turn into blood, bread into stome
Hungry beast looks for new sacrifice
ref. Halloween-celebration of the dead
Halloween-celebration of the dead
Terribly fury of ghosts-this night is assigned for them
Who not found rest and scorned treasures of paradise
Cross goes down into depths of hell
Devils spit with sulphur turns into ashes
ref. Halloween-celebration of the dead

Demon's howl
Halloween-scorn of the cross
Celebration of the dead
Keep Black Mass cursed priests
Sacrifice is offered to honour name of Evil
Lost meaning here christians word
Halloween's night-it's devil's gift for us
ref. Halloween-celebration of the dead
Demon's howl
Halloween-scorn of the cross
Celebration of the dead

REALITY IS A FOREIGN REALM
The terrible sight meet's my eyes
At illusion full of violence
The fear-I'm afraid it
It conquered the mind
The thoughts are losing every sense
No possibility stay to escape
A foreign power dominate in my mind
I feel it but I can't escape

It is the power of phantasie
It dominate in your dreams
It transfigured the reality
It brings you in a other world
It destroyed the sceptism.
Nobody can exist without it
I'm afraid it
To lose it no time

The people think that I don't normally
But not every body can see it
Without the power of fear
Without the power of violence
Without this illusion
Without the these terrible dreams
Lost my mind the funktion

This is a other realm
This is not reality
This is my life
Theese are my dreams
Reality is foreign realm

TO KILL MYSELF

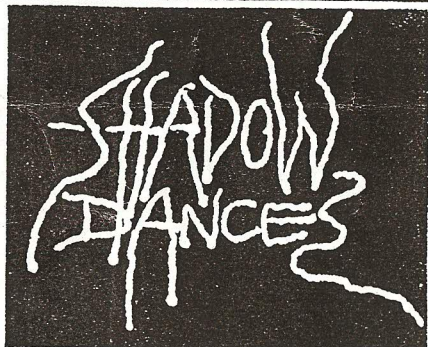

To kill myself-it's just another trying
But there's no way to finish off
The damned me can't work out
The way to let out the vitality

The way back gives another trying
I only wish to die
The thirst of knowing
Provides another hope to try

Where is the wall between the knowing
and the fear
I wanna find it-that's the wish
The death can quench my great desire
That's why I wanna give myself to it

The thirst isso exhausting that when
the mind starts working
I still can't find the way to let out
the vitality
But the very one desire
It doesn't let me free
Maybe the coming night
Will help me to execut~~e~~ the judgment

SICKNESS

We're tired of life and death
We're sick of sweet tongues
We want to retch up
Melancholia has took hold of us

Not knowing what's the existence
We're feigning very clever
We don't see as the fire
Nears to our paper world

We're retched up from the sermons
Already used to these drugs
Our souls have dried up
We are living corpses

We want to die
We want to die
Let us die easy
Take our misery off
Take off our fright
And let us die for ages...

MANIAC
I'm alone
I'm insane
No one can feel like me
Every one are laughing about me
When I'm going through the streets
In a cloud of a dream
I see a open door
(A unknown voice are calling my
Its the open door name)
To eternity

I'm alone now
No one here
No rythm of hope
No vision of faith
No I feel it
In my brain
the time is right
To give my live
My live the end
I'm smiling now
I pay the price
I want never see the light
I want die
Die to night

I awake
In a see of blood
With the bloody knife
In my hand
(repeat the I.verse)
